

TSCA-TOXIC SUBSTANCES CONTROL ACT

The Toxic Substances Control Act (TSCA) is an important standard of US chemical regulation. The Environmental Protection Agency (EPA) is responsible for its implementation.

TSCA Chemical Substance Inventory contains all existing chemical substances manufactured, processed or imported in the United States that do not qualify for an exemption or exclusion under TSCA. EPAs newly enforced two new substances of the Regulation under TSCA Section 6(a) in December 2024, in addition to those introduced in March 2021 under section 6(h):

- DecaBDE Decabromodiphenyl ether CAS No.1163-19-5 (Flame retardant), March 2021.
- PIP 3:1 Phenol, isopropylated, phosphate (3:1) CAS No 68937-41-7 (Flame retardant and plasticizer), March 2021.
- 2,4,6 TTBP 2,4,6-Tri-tert-butylphenol CAS No 732-26-3 (Antioxidant, lubricant, and fuel additive), March 2021.
- HCBD Hexachloro-1,3-butadiene CAS No 87-68-3 (Hydraulic, heat transfer, or transformer fluid), March 2021.
- PCTP 2,3,4,5,6-Pentachlorobenzenethiol CAS No 133-49-3 (Plasticizer), March 2021
- CTC CAS 56-23-5 (Solvent used as a raw material for production of other chemical substances like propellants), December 2024
- TCE CAS 79-01-6 and PCE CAS 127-18-4 (are commonly used in facility operations), December 2024

Product compliance relies on information provided by raw material suppliers used by TCI Telecomunicazioni Italia S.r.l. and on product design and knowledge. TCI Telecomunicazioni Italia S.r.l. does not routinely test products for chemical content and therefore makes no independent representations or warranties, express or implied, and assumes no liability regarding the use of this information.

Based on information gathered from our supply chain of components and raw materials, we declare that none of the substances listed in the Toxic Substances Control Act are used in our products. This information is accurate to the best of our knowledge. TCI Telecomunicazioni Italia S.r.l. will continue to monitor legislative changes and update this declaration accordingly.
