

## REACH STATEMENT (CE n. 1907/2006)

The purpose of this document is to set out how TCI performs assessment and document the risks arising from the substance(s); the use is adequately controlled according to the Safety Data Sheet of components coming from suppliers; in this way the supply chain can adequately control the risks. The assessment shall cover the life cycle of the substance, from its receipt by TCI, for its own uses and for its identified uses further down the supply chain. The assessment shall consider the use of the substance on articles or products present in TCI catalogue:
